

**Sink Your Teeth into The Endangered**  
**The Zharmae Publishing Press Releases New Fantasy Thriller by S.L. Eaves**

September 16, 2014  
For Immediate Release

Spokane, WA -- *The Endangered* is a paranormal thriller that blends crime fiction and urban fantasy to tell a neo-noir tale about a vampire clan that takes on a pharmaceutical company run by werewolves. The company, known as S&D Pharmaceuticals is developing a new vaccine with sinister side effects. Striden, the CEO of S&D, has engineered a drug, masked as a flu vaccine, which turns its unsuspecting patients into werewolves.

An allegiance of vampires is fighting desperately to stop the mass infestation. Among them is an ambitious rebel named Catch and his newly turned protégé, Lori. Catch brings this treacherous world to Lori's doorstep and turns both their worlds' upside-down in the process. Secrets are exposed, alliances are formed, and blood is spilled as they do everything in their power to preserve both their own kind and their food supply.

*"Gothic fantasy meets action thriller in this brilliantly entertaining read." - Dean Taylor*

*"This action packed fantasy will get the adrenalin pumping" - S. Totten*

*"Fast-paced and exciting from beginning to end! I couldn't put it down!" - Skylar Ivey-Santos*

Both print and ebook versions are available via [Amazon](#) and [B&N](#).
